

# Project Study in Business Development (compliance/legal market segment)

## About FAST AI Movies:

- FAST AI Movies is a highly innovative AI start-up that generates training videos for medium-sized companies automatically with the help of AI.
- The customer only provides FAST AI Movies with a short input script and everything else is generated by the AI Software.
- We empower our team to own their projects end to end and actively contribute throughout the product life cycle. To accelerate your growth path, you will work in a highly innovative tech start-up directly with the founder.

## Your project study:

- Start date: as soon as possible
- Regular 1:1 with FAST AI Movies CEO
- If you have fellow students, bring them onboard!
- We provide a rough structure but inside of this structure you can work completely independent.
- We have our own office at TUM Incubator in Garching.
- If you want you can work mostly remotely, but we will organize a few office days anyway, since nothing beats meeting physically regularly and exchanging ideas.

*FAST AI Movies is looking for motivated TUM students that want to carry out a project study in the field of New Learning/Instruction Design for compliance training videos to get our video creation AI software to the next level!*

## Your Role:

- Identify a new market segment (compliance trainings/ legal trainings)
- Use Design Thinking methods to identify new market opportunities
- Conduct market research to identify the innovators
- Research relevant market players
- Work independently and manage

## Skills & Expertise:

- Be communicative and motivated to learn new things

There are no specific skill requirements for the position apart from being passionate about startups!

**The only disclaimer:** For a Project Study you need to be enrolled at TUM

## Apply:

- Come on board and bring your spirit to our motivated team. Feel free to send us an email with your CV and preferred start date to [jobs@fast-ai-movies.com](mailto:jobs@fast-ai-movies.com)!
- The project study is supervised by Dr. Mathias Fromberger (Chair of Corporate and Intellectual Property Law, TUM School of Management): [Mathias.fromberger@tum.de](mailto:Mathias.fromberger@tum.de)
- Looking forward to having you onboard! [www.fast-ai-movies.de](http://www.fast-ai-movies.de) - LinkedIn
